

FIRE SAFETY POLICY

PrismaTibro is dedicated to ensure fire safety that protects life, health, and property.

WE SHALL

- Actively work towards fire safety that safeguards life, health, and property.
- Maintain a fire safety organization.
- Conduct fire safety training (both external and internal).
- Implement follow-up procedures through regular inspection activities and active incident reporting.
- Maintain easily accessible documentation of both structural and organizational fire safety measures.

GOALS

- Conduct an evacuation drill once a year.
- Perform safety rounds on a monthly basis.
- Organize a comprehensive training in basic fire safety every three years.
- Conduct an annual inspection of fire extinguishing equipment (third-party inspection).

RESPONSIBILITIES

The CEO is responsible for fire safety.

All employees are expected to adhere to this policy.

Tibro, September 19, 2023
